

Emma's children care centre

P.O. box 462,

Kidatu.

30/1/2010.

Hello Einar and Else Karine, how are you? I hope your fine and everythings goes well.

We are also fine too. And we continue well with our general activities.

Purpose of this letter is to say hello and send this report of January -2010. everythings goes normally to us too, all the children are start school already, but Janeth, Justine and Benadetha are home, they are waiting second-selection of their exams, this year many children (students) are not choosen on their exams, they says the exams was very difficult, but I hope they will be the one on second select. Emmanuel, Ramadhani and Elizabeth are doing good, but — Emmanuel. is the best, he is doing very good in school, also Elizabeth she is Form III (three this year) it means she was doing good in her national exams for form II (two) last year. also Emmanuel and — Ramadhani are form II (two) this year, means they will have national exams this year. and also this year we have three (3 children) are standard seven, — Christina, Jonh and Gloria, there not very good — and also not very bad in their class. also — this year teacher print this ~~paper~~ paper for showing the parents the coast of standard 7, this we have to pay for @ child, on standard seven. Also these are the pictures of children but Emmanuel was lait from church so he was

not on these pictures. but he was around.

Also Antony start standard one again (repeat) because teachers says, he still not very good compare to the children in his class, he have to be standard one this year too to understand alphabert. So this year standard one are 4 (Antony, Hamad, Rahim and ~~A~~ Ayliny).

I was at mikumi Hosp. with Hamad, we got a good doctor, the lady says that, he have this skin infection for very long time, it seems since he is small, so it looks chronic, what she do, that says I have to use one kind of cream and one kind of soap (medicated soap) don't change for long time, she wrote the cream and soap, then we got it with some tablet, no he continue with it, also Antony have the same skin, he have very bad skin, also I have to buy the same to him too, and then see how it will be.

Thanks for today. Say hello to your family.
It's me Emmae
