

Emma's children care centre

P.O. box 462, Emmaculata
Kidatu. Machaninya

30/2/2010.

Hello Einar and Else Karine, how are you. we are all fine, we hope same to you.

Purpose of this letter to send february report also to say hello to you all.

Everythings goes well, all the children are continue good with health and also school. Hamad and Antony, are continue well with their skin infection too, they are using the soap medicated and cream from Mukumi, its looks good so far. The doctor told me Hamad have to use it slowly with tablet, after I see its finish, I have to bring again to her and see. I will do that too.

but Antony got it from Hamad so, I think it will not be so difficult to get it finish. I pay for standard-seven coast up to graduation, also for standard one (1) Students have to pay.

We are looking forwards to meet our guests did they want me to pick at airport? and all of them are working as volunteer at the centre. Hope this march the second selection of last-standard seven result will be out, It will be very good when our children who missed first choice be the one of. I hope so.

Thanks very much for today.

Say hello to your family,

It's me

Emma.
