Hi! Einar and Else Karine, how are you? we are all doing fine.

Purpose of this letter is to send the the monthly report also to say hello.

everythings is fine here, also Simba steel in - Morogoro for Hosp. but I talked with doctors for how long then have him to be there, he says - it will take long, but I told them that the August we will be end of practice, doctor says, may be we - can steel pay for one or two month more because its books cover little so if we stop soon will not be help. I see it is very expensive to pay,

Also our ugali powder (maize) are empty but we - still have rice for all august.

Did you know when the girls are coming?

Thank for today.

Its me

Emma.
