Hi Einar og Else Karine,

hope everything are fine, We are all doing good.

Purpose of this letter is just say hello and send monthly report. Christmas was good for us and we are now waiting celebrated of new year coming if God wish.

Last report I didn't send bank statement that I send this month with this report, also it was a problem of network so the bank statement wasn't come all date - you can look its end before the last date of month but I try to explain.

Also I didn't build for Simba shop yet, because Lis uncle was sold the brick because he says he is sick and he have to go hospital, and he don't have money, so he told me to wait the bricks which he is made now, but if he will still have problems I will put money back in the Eccc account, because I found out that, if we make by wood it will not last longer, the insect will eat and will be no shop anymore, so he have to help with bricks - because the flame will be to their home and it will helping themselves.

Thank you for the money, I try to take care the money for saving things, buy cheap clothes and shoes but it steel using so much, the life is very expensive,

WISH YOU ALL AND YOUR FAMILY HAPPY NEW YEAR.
